## Sewer System Rehabilitation Update

Horseshoe Construction began sewer main rehabilitation in June 2022. This can be accomplished by pipe bursting, slip lining or trenching and replacing the existing pipe. After inspection eighteen segments of sewer main were ranked and prioritized based on line conditions. The chart below shows the projects and the current status.

Total Project Segments	Completed
18	11
Wildwood Avenue (808 – 900)	✓
Wildwood Avenue (910 – 918)	✓
Verona Avenue (110 – 208)	✓
Verona Avenue (404 – 505)	✓
Country Club Road (904 – 914)	✗
Henson Park (Segment 1)	✗
Henson Park (Segment 2)	✗
North Beverly Avenue (101 – 104)	✓
Beverly Avenue (101 – 107)	✗
South Fairway Avenue (201 – 305)	✓
South Fairway Avenue (304 – 305)	✓
Delmont Avenue (109)	✓
Delmont Avenue (301 – 307)	✓
Sherwood Avenue (305 – 409)	✓
Oakhill Place (105 – 205)	✓
Greenview Circle (Segment 1)	✓

Some streets may have multiple segments

Crews are currently working at Henson Park installing a new 18" main and manhole while avoiding Woodruff Creek. Work has been hampered due to the rocky conditions. Once this 18" line is in operation the current 12" line will be removed from service. All work including clean-up is scheduled to be completed by October 2022.

This project is on-time and on-budget.

## Service Interruptions

Service may be interrupted for brief periods of time while the main line is being repaired or when the service line to your house is being reconnected.

## Who to call

Horseshoe Construction: (281) 478-5477

Emergency Contacts: James Kelly – Cell (281) 229-3952  
Taylor Jones – Cell (281) 415-8654

Sherwood Wastewater Utility: (501) 835-4753

After hours (501) 686-2058 or (479) 424-4402
